

# PASS DIRECT CONNECT

## Personnel Automated Screening Software

**PASS Direct Connect** is a best-in-class solution designed by industry experts.

The **PASS Direct Connect** (PDC) module is designed to optimise the screening and licensing of staff and because it is completely portable it has been designed to capture all of the information required for the SIA License Application form and the career history for the screening process. It exports all of the information to the SIA Bulk Application Spreadsheet automatically and exports all of screening information directly to PASS. The efficiency gains are significant.

The best time to collect information from an employee is at the interview stage. Time and again HR departments waste valuable time chasing staff for key information after provisional employment has started.

**PASS Direct Connect** is the ideal solution. This offline module is used in the field to collect candidate information at source. The candidates can even complete it directly.

## Features

**Defined Workflow – the system ensures that consistently high standards are applied at each interview**

**Automatic License Form Request – automatically populates the SIA Bulk Application spreadsheet**

**Career and Personal History – captures all of the information required for screening the candidate to BS7858**

**PASS Direct Connect is a best-in-class solution**

**Pass Direct Connect** has automated links to the SIA criminality indicator to assess a candidate's suitability for employment before you pay the license application fee and waste money on expensive training

## Business Benefits

**PASS Direct Connect** is designed to transform the manual capturing of candidate information into a highly efficient and transparent operation that allows candidate data to be captured at source and used throughout the business without the need for further manual keying of information. This in turn provides a consistent and professional interviewing process right across the business and the cost savings that are associated with this sort of innovation.

- Cost saving - the online criminal record check reduces the chances of employing a criminal and therefore wasting the license fee and the training fee
- Cost saving, the multi-choice answer intelligence test ensures the candidate has the ability to pass the training course again saving license and training fees
- Efficiency, data is captured at the interview stage and then used throughout all business processes, HR, Rostering, Screening etc. leading to further cost savings
- Speed, the screening process can begin at the same time as the license application form is applied for, meaning the candidate can be orally screened before the training course starts and fully screened while the license application is being processed
- Consistency of interviewing process right across the company. All interviewers following the same professional method

**Pass Direct Connect** captures all of the personal and career history for the HR department.

**Pass Direct Connect** captures all of the SIA licensing information required to apply for and complete the application form.
